

History

We will be using different sources to find out about homes in the past and will be comparing changes over time. We will also look at changes in shops and discuss the positive and negative changes. We will be investigating the history of our school and how it has changed.

Geography

We will be walking around Church Green, looking at Human and Physical features. We will be using local maps and plans to spot recognisable features. We will be comparing old and modern maps of Witney and discussing changes noted. We will draw our own maps using mapping symbols and compass points.

Science

We will be looking at different building materials and thinking about their suitability. We will be looking at different local plants and how we care for them.

Street Detectives

Autumn Term 1
Year 2

Art

We will look at some famous artists who drew or painted their own locality and will be trying to recreate our own images.

Wow Days: We will visit several areas of local interest across the term including Witney Museum and The Bishop's Palace.

Computing

We will be learning how to take photos, store, save these and then print them. We will use satellite maps to locate features of Witney. We will be programming toys to move around a map of Witney.

R.E

Focus Question: 'Is it possible to be kind to everyone all of the time?'

We will be exploring Biblical stories relating to the way that Jesus healed and cared for others. We will be exploring the idea of compassion and caring for all people equally.

D&T

We will be making models of houses and shops in our community. We will be recreating an old fashioned bakery, making old fashioned cakes and biscuits. We will be making signs to put around our local area to remind people to look after it!
