A writer once said that to eat well in England you should have breakfast three times a day. When I'm enjoying porridge or muesli with fresh fruit, yoghurt, and that vital first mug of coffee, I know what he meant!

I've recently rediscovered the pleasure of searching for wild orchids. Finding the Lizard Orchid on Sandwich Golf course recently was a particular pleasure.

It's impossible to choose a favourite book but I always find it a pleasure to re-read an old favourite and to discover new reasons to like it.

I like to have several books 'on the go' at once.
