

Art and Design

We will be making marbled pictures by blowing bubbles in paint. We will be studying the work of the artist Carl Warner and creating our own food landscapes. We will be creating ice cube paintings using frozen blocks of paint. We will be using clay to create patterns. We will create mixed media pictures and collages. We will recreate parts of famous paintings.

Computing

We will be creating dough ball animations. We will be taking digital pictures of our artwork for display and sending a class email to an art gallery.

Science

We will be investigating the changes to everyday materials when mixed with water. We will test a variety of soap products to see which make the best bubbles. We will observe how a range of foods melt. We will make our own ice cream. We will make bread dough and investigate its properties. We will explore mixtures that do not mix.

Year 2

Spring Term
Muck, Mess and
Mixtures

Wow Day- Messy Mixtures Morning

Artist workshop

Design & Technology

We will be focussing on food technology this term. We will sort a range of foods to show where they have come from. We will be exploring healthy and unhealthy foods. We will be following recipes which involve melting ingredients. We will make rainbow jelly. We will design and set up an outdoor messy kitchen.

Geography

We will be looking at different foods from around the world and locating them on a map.

R.E

We will be thinking about the Easter story and in particular the Resurrection. We will retell the events of Easter Sunday and explore why it was so important to Christians.
