

Science

We will be investigating the materials the houses involved in The Great Fire of London were built from. We will discover the properties of other materials by performing experiments.

RE

We will learn about Shabbat and why it is important to Jewish children.

Design & Technology

We will build 3D models of The London Eye and different types of London transport. We will bake bread rolls like the ones made in the bakery on Pudding Lane.

History

We will learn all about the events of The Great Fire of London and sort them chronologically. We will use the diary of Samuel Pepys to help us gather facts about it.

Bright Lights, Big City

Year 1 Summer Term

Computing

We will edit photos of the Royal Family to include images of ourselves. We will take part in a virtual tour of Buckingham Palace.

WOW Day – Science Oxford Live: The Great Fire of London Science Show

Trip to Oxford including a visit to the Oxford Synagogue

Music

We will listen to, learn and join in with traditional and contemporary rhymes, poems and songs that have a London theme.

Geography

We will locate various London landmarks on a map and learn how to use a key. We will identify physical and human features on a map.

P.E

Our focus for this term is athletics. We will practise our throwing skills using javelins and our jumping skills using hurdles. We will also learn and perform the dance 'Colours and Moods'.
