

## Science

We will be looking at different boats and naming the materials they are made from. We will be testing different materials to see if they float or sink. We will also be exploring which shapes float best.

## Music

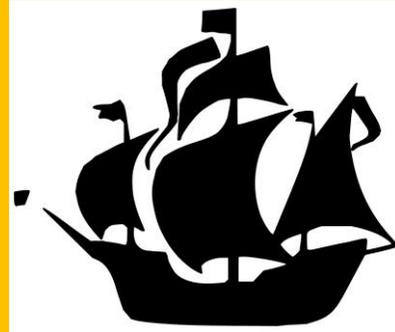

We will be singing some sea shanties such as Drunken Sailor, Bobby Shaftoe and A Hundred Years Ago.

## DT

We will be making our own boats using levers and pulleys. We will be finding out about lighthouses; designing and making our own and using simple circuits to make them light up.

## Geography

We will be learning the names of the four countries of the UK and locating and naming their surrounding seas; we will then move on to oceans of the world. We will be learning about the equator and countries that are near to it and making a map of Captain Cook's journey using a simple key. We will be exploring treasure maps to identify human and physical features, then using this to make our own treasure maps. We will be finding out about the RNLI and locating these stations on maps of the UK.

Year 2  
Land Ahoy

## Art and Design

We will be sketching boats from different angles using different media. We will be looking at shape, colour and pattern and using our ideas to design and make our own pirate flags using block printing.

## R.E

We will be exploring Christianity and considering the question,  
Why do Christians believe that God gave Jesus to the world?

As part of this theme we will be reflecting on the Christian Christmas story and the reason for Jesus' birth

## Computing

We will be programming floor robots to navigate around the 'sea' making sure we don't crash into any rocks!

## History

We will be finding out about famous sea explorers through the ages and mapping their lives on a timeline. We will be researching the lives of these explorers too! We will be finding out about some famous pirates and making fact files about them. We will find out about Grace Darling and act out her life.

Wow Day - come to school dressed as a pirate!
